

KoskiDecor Peacock

Decorative birch plywood panel with a transparent overlay

KoskiDecor Peacock is a strong and durable decorative Finnish birch plywood panel with improved face and core veneers, which displays the beauty of rotary cut birch veneers through RAL colours.

Both sides of the panel are coated with or without ECOCOLOUR and additionally overlaid with a durable transparent melamine film, which improves the surface performances and provides a smooth finish.

KoskiDecor Peacock is an ideal material for the furniture and joinery industries as well as wall paneling.

Key benefits

-  available in wide range of standard and special colours leaving the wood grain visible
-  displays the beauty of rotary cut birch veneers
-  original, impressive plywood edges
-  durable and smooth surface
-  taint and odour free panel, easy to clean
-  easy to machine using conventional woodworking tools

Additional information

Environment

Our raw material, wood is an ecological and renewable material and it stores carbon during its whole life cycle. Koskisen plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in paying attention to the environment in the Finnish forest business and the wood's supply chain is always known in detail. Finnish forests are primarily privately owned and the owners are guided by a strong commitment to long-term forestry and forest cultivation. Yearly, Finnish forests grow more than they are harvested. This guarantees a sustainable and environmentally sound raw material.

Additional information

Wood is a living material and every panel is unique. Therefore a photograph or a sample piece cannot represent all the panels as regards colours, shades, figure, knots etc. Please note that a slight colour variation is accepted between panels.

The information, although based on extensive testing, is intended as a guideline only and comes without warranty. We reserve the right to amend specifications without notice. Any defects other than caused by clearly verified production or service faults by the supplier are the responsibility of the user. Any claim for compensation is limited to the value of the defective panels. The Seller makes no guarantee that the goods are fit for a particular purpose, unless it provides a written declaration of their suitability.
